**SECTION D  
PACKAGING AND MARKING**

**D.1 PACKING AND UNPACKING**

The Contractor shall furnish such labor and materials as is necessary for packing, unpacking, and placement of equipment.

**D.2 MARKING OF SHIPMENTS (COMMERCIALY PACKAGED)**

The Contractor shall mark all shipments with the contract and order number. Further, the shipments shall be marked in accordance with the edition of Federal Standard 123, "Marking for Domestic Shipment (Civil Agencies)" dated May 15, 1991.

**D.3 PRESERVATION, PACKAGING AND PACKING**

The Contractor shall preserve, pack, and package all supplies in such a way as to ensure complete delivery at destination with all required accompanying documentation and without damage or deterioration during shipping, handling, or storage. ASTM commercial standards or equivalent for preservation, packaging and packing practices are acceptable however, the Contractor assumes all liability for any damage during shipment.

**D.4 MARKINGS OF WARRANTED ITEMS**

Pursuant to the requirements of FAR 46.706(b)(5), the Contractor shall stamp or mark the supplies delivered or otherwise furnish notice with the supplies of the existence of a warranty. Markings may be brief but should include (i) a brief statement that a warranty exists, (ii) the substance of the warranty, (iii) its duration, and (iv) who to notify if the supplies are found to be defective. For commercial items, the Contractor's trade practice in warranty marking is acceptable if sufficient information is presented for supply personnel and users to identify warranted supplies, and associated warranty procedures.
